Why Versadeck?

1

Our Coatings

*It's not paint
(60-80 mils)*

Premium Polyurea Comfort Coating

Versadeck is designed to be the very best luxurious option in aluminum decking systems. Our deck coating is 25 times thicker than the powder painted aluminum decking options. Our warranty is virtually forever for you and it's transferable one time to the next owner.

- ✓ **60-80 mils thick** coating never scratches or wears off
- ✓ Premium polyurea coating stays cooler in the hot sun
- ✓ Rich clean look and feel, no squeaks, creeks or pinging
- ✓ Natural slip resistant texture with extra anti-slip options

The Others
powder painted
aluminum deck

**Pay Less
Get This**
*a metal deck
with thin paint*

- Paint coating is only **2-4 mils thin**
- Can get very hot in the direct sun
- Squeaks, creeks and pinging sounds
- Industrial looking ribbed surface lines

Turnkey Solutions From The Ground Up

Versadeck Decking is not just another low maintenance plank decking material option. Our deck systems are advanced, providing complete turnkey solutions from the ground up. Combine plank, watertight or modular decking with our framing, railing and stair systems.

1 Our Coatings *It's not paint (60-80 mils)*

2 Dry Clip Design *No Puddles & No Leaking*

The Others - Pay less and get this

A **Metal Deck** with **Thin Paint** on top

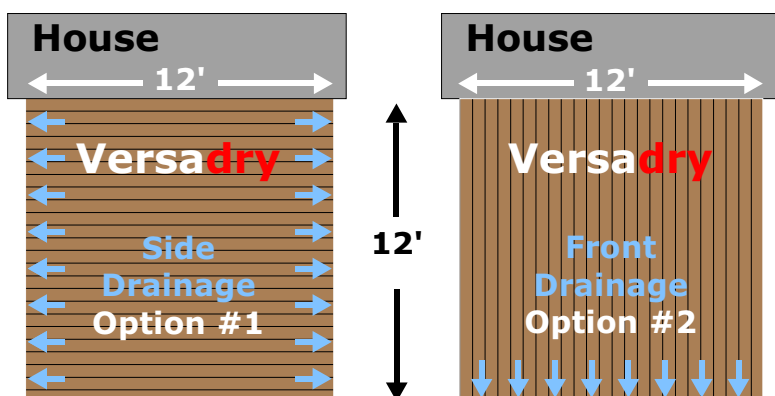

3 Drainage Options

- No Puddles on Top:** Dry Clip drains water immediately
- 60 mil Thick Coating:** Rich natural look, sound & feel
- No Squeaks or Creeks:** Clips together snug & quiet
- Built with Gasket Seals:** 100% Watertight dry below
- Drainage Options:** Dry Clips create drainage versatility:
 - Water can drain at the ends, sides or in the middle of the deck area.
 - Hold Dry Clips short then start with T-clips to end watertight feature.
